Motofog MFX20

Dust Suppression with extreme power and portability

The all new MOTOFOG MFX20 takes portable dust suppression to another level.

3 Options

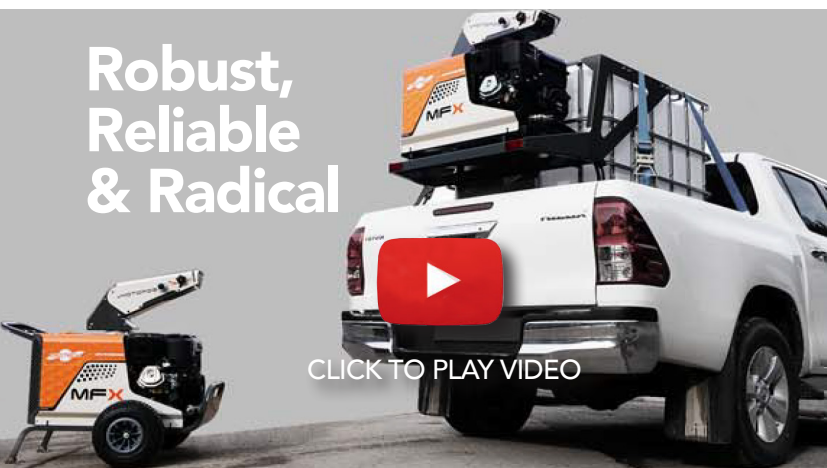

1. Stand alone unit, that can be sited anywhere, including in the back of a pick-up for mobile dust suppression.
2. Wheeled unit for superb manoeuvrability around sites and yards. Fits into small vans with ease
3. IBC framed unit for fully mobile dust suppression, haul roads, quarry faces etc.
